

**Cal South Board member as District 2 Commissioner since 2014.**

Attended CS BOD, USSF, USYS, USASA, USC (NSCAA) Meetings. Participated on CS Finance, Bylaw, NEC, PAD, RT Committees representing the member's interest completing numerous projects. Voted on important initiatives and programs while being fiscally responsible. Demanded more transparency of information and agreements, more communication with the members and more timely dissemination of information when dealing with policy issues affecting the members. Supported better Governance policies and Due Process policies for possible member issues and disputes. Communicated concerns from the Leagues and Clubs to the Board for consideration. A supporter of ODP, Recreational, and TopSoccer programs and a more equitable budget allocation to under funded programs. National D License Coach.

Extensive background in the high-tech industry with skills in domestic and international business development, customer relations, project management and technology. First-hand experience with both start-ups and mature business environments, fiscal realities and customer relations.

From 2002-2007 worked for Affinity Development Group (ADG) as VP of IT where I oversaw the design and development of the Membership Management platform originally known as CORIS for State Associations. Assembled and managed the team and designed and developed the integrated SAAS system using innovative ideas - preempting the market's direction towards an integrated SAAS business model for membership associations.

In 1985 started IBS Corporation, a systems software development company. Served as Chairman and COO of IBS Corp. for 16 years where we established international agreements to commercialize software development projects for both open and captive markets.
